FISCAL ANALYSIS									

## **Assumptions:**

- 1. HB 466 will require an offender to make full restitution to any governmental entity that has incurred costs as a result of extraditing an offender from an out-of-state jurisdiction to Montana.
- 2. The Department of Corrections has spent an average of \$165,208 each year for the past three years on extraditions.
- 3. Because the amount of restitution that will actually be collected is uncertain, the fiscal impact is unknown.
